

TOP 10 FUNDRAISING TIPS

1 Level up your profile

Add an image, complete your story and set your event date.

2 Set a target

Aim high and keep your friends and family posted on how close you are to reaching your goal!

3 Link your Twitch

Connect your Twitch account to your fundraising page so people can watch and donate to you seamlessly.

4 Back yourself

Kick-start your fundraising by donating to yourself. It's a great way to begin your fundraising!

5 Fundraising FTW

We've got tons of fundraising tools to help you with your epic gaming mission. Check them out [here](#).

6 Pass the torch

Ask your mates to join you in the challenge or rally them round to cheer you on (and make a donation or two).

7 Forfeits

Think of fun ways to help donations roll in and the hours fly by. Ask your mates what dare they'd like you to do in exchange for a donation during your stream. Fancy dress or funny dancing is always a winner.

8 Re-think the subathon

If you don't want to take on the full 24-hour challenge, push for donations rather than subs and add another 15 or 30 minutes to your stream every time someone donates.

9 Spread the word

Let everyone know when the countdown to your heroic challenge has begun by using our social media badges and sharing your page on your social media channels.

10 Show how you're a true Game Hero

Use our handy info sheet to shout about how your marathon for Macmillan will raise money to support people living with cancer.
